# आयुर्वेद

“स्वस्थस्य स्वास्थ्य रक्षणं ।  
आतुरस्य विकार प्रशमनं च ॥”

## आयुर्वेद के जन्मदाता भगवान धनवंतरि

आयुर्वेद दो शब्दों से मिलकर बना है, आयु और वेद अर्थात् आयु को बढ़ाने वाला ज्ञान। स्वस्थ व्यक्ति को स्वस्थ रखने व रोगी को निरोगी बनाने का विज्ञान है आयुर्वेद। आयुर्वेद हमारी प्राचीन विरासत है जिसका जनक भारत देश है। लेकिन हमारी आयुर्वेद पद्धति विलुप्त होती जा रही है जिसका कारण है आयुर्वेद का रॉ फॉर्मेट में होना।

उसी आयुर्वेद को पुनः विकसित करने एवम् हर घर तक आयुर्वेद को पहुँचाने की शुरुआत की गई है, जिसके सभी प्रॉडक्ट्स पूर्णतया आयुर्वेदिक एवम् स्टैंडर्ड डॉसेज फॉर्मेट में हैं।

# Alkaline Jug

*Signature*

In today's time, a major reason for all the diseases in our body is our drinking water. Contaminated water causes many diseases like diarrhea, stomach ache, weak immune system, stomach disorder, liver and kidney not functioning properly, which later take the form of a major disease.

To avoid these diseases, it is important that our water is clean.

Due to lack of clean water, many types of diseases occur in our body. According to research, our food should be 80% alkaline and 20% acidic. Because acidic causes many diseases in the body and alkaline does not allow diseases to enter the body. Due to our environment, tap water and bottled water can be acidic and can increase health related diseases.

NFM has brought a solution to all these problems.

NFM has come up with an alkaline water purifier camper or a jar that will not only purify your water but also make it mineral rich.

## Benefits

It is very beneficial for our acidity, gas, stones and cancer.

Taking the pH value of water to 10, 11, 12 helps in digesting the food faster.

It helps in flushing out the toxins from our body and keeps the body hydrated.

It fulfills the potassium, magnesium, calcium minerals in our body, which greatly improves the immune system.

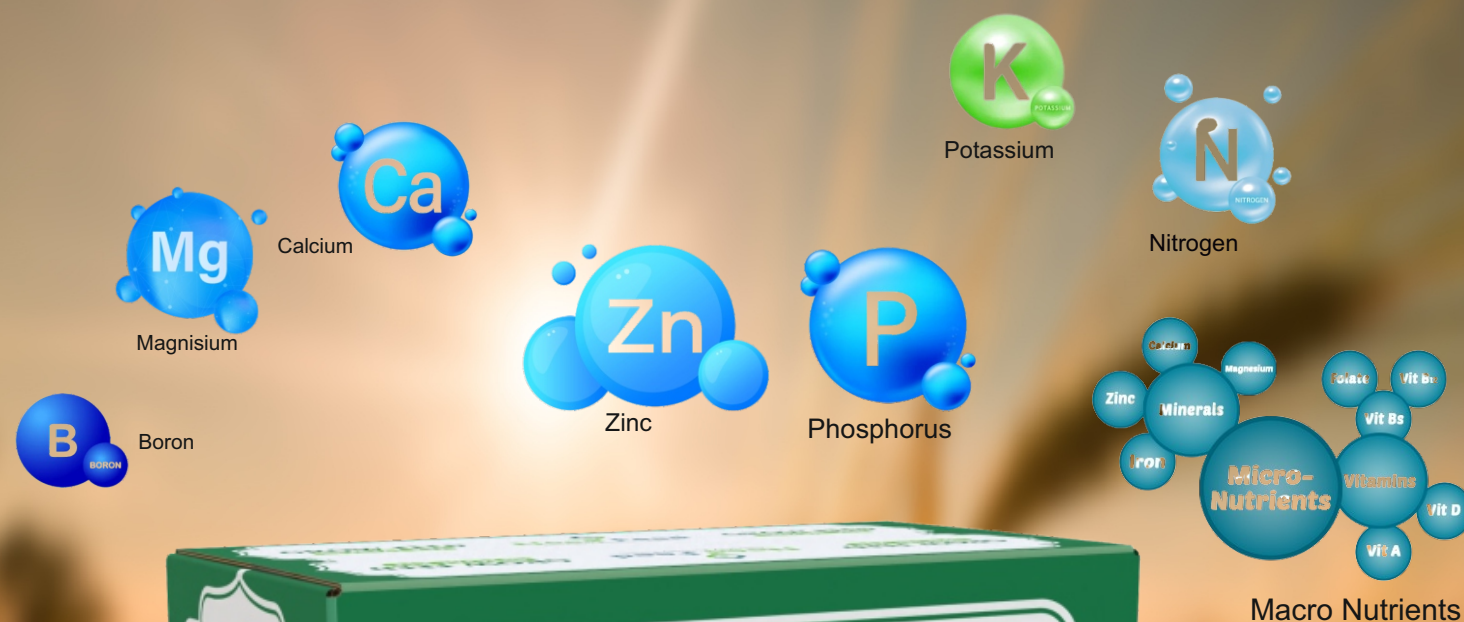

It keeps all these Inflammation diseases away & Maintains energy in the body.

It is also effective in joint pain.

You can carry it anywhere & It does not even require electricity.

Makes water clean and alkaline in a natural way.

# Grow Feed Special Kit

*Signature*

In India, the contribution of agriculture to GDP which was close to fifty percent in 1950, has now come down to fifteen percent, the main reason for which is the decline in agricultural Production. Now in this direction,

Need Feed India has brought Game changer Grow Feed Special Kit, which is a complete solution to increase the production of your crops.

This kit consists of three powerful products Grow Feed Plus, Soil Feed Plus, Agri Feed Ninety that help provide optimum nutrition, improve soil and increase the effectiveness of insecticides at every stage of your farming.

## Ingredients

- |            |              |           |             |                   |
|------------|--------------|-----------|-------------|-------------------|
| - Nitrogen | - Potassium  | - Boron   | - Magnesium | - Zinc            |
| - Calcium  | - Phosphorus | - Sulphur | - Silicon   | - Macro Nutrients |

## Benefits

Use of Grow Feet Special Kit can help in reducing water wastage and increasing crop yield by 30 to 40%.

Grow Feed + Helps to improve soil quality, balance pH and increase the water storing capacity of the soil.

Soil Feed + is effective in strengthening plant roots, increasing soil microbes, improving the effectiveness of pesticides and reducing their toxicity.

Agri Feed 90 helps in better spreading and absorption of pesticides and fertilizers by reducing the surface tension of the leaves.

## How to Use

Grow Feed + : Mix 25 ml in 15 litres of water and spray it on all crops.

Soil Feed + : can be used at the rate of 500 grams per acre at the time of sowing, planting and top dressing.

# Herbal Cough Syrup

# Herbo Plate Syrup

Herbal Cough Syrup is a herbal (plant-based) remedy commonly used for relieving cough and throat irritation. The exact composition can vary by brand, but it typically includes natural ingredients like tulsi, honey, licorice (mulethi), ginger, and vasaka (Adhatoda vasica), among others.

Herbo Plate Syrup is a plant-based supplement commonly used to help increase or support platelet count, especially in cases like dengue fever, viral infections, or low platelet conditions. These syrups typically include herbs known for their potential platelet-enhancing and immune-supporting properties.

- Benefits
- Helps soothe dry or productive (with phlegm) coughs by reducing throat irritation.
  - Helps in loosening mucus, making it easier to expel during a chesty cough.
  - Herbal components like tulsi and licorice may reduce inflammation and infections.
  - Some syrups contain immunity-supporting herbs like tulsi and ginger.

- Benefits
- Herbs like Carica papaya leaf , Giloy and Goat Milk Extract may help stimulate bone marrow to produce more platelets.
  - Enhances blood circulation and help maintain normal clotting functions.
  - Tulsi, Amla, and Giloy improve immune recovery from infections.
  - Useful in dengue fever, chikungunya, or typhoid.

- Usage
- Adults: Usually 1–2 teaspoons (5–10 mL) 2–3 times a day.
  - Children: Often half the adult dose, but follow pediatrician's advice.

- Usage
- Adults: 10–15 mL (about 2–3 teaspoons) twice a day.
  - Children: 5–10 mL (1–2 teaspoons) twice a day.
  - Always follow your doctor’s advice.
